

# CAMERON

## OUR MISSION

As a part of the LEAD Public Schools Network, Cameron exists to support, educate, and train the next generation of responsible citizens.'

As a zoned-charter school, we offer a rigorous, culturally relevant, standards-based curriculum, nurturing college-bound LEADers who will effect change in their communities. Cameron students embody the diversity of our community, uniting us in the pursuit of college through hard work, the joy of learning, and a passion for excellence, evidenced by being named a **2013-2014 Reward School**, including ranking #1 Math and #4 in Science Growth in the State.

## THE CAMERON DIFFERENCE

We cultivate LEADers by encouraging students to be courageous, disciplined, committed, self-reliant, and to serve others – traits that will not only help them in college, but also for the rest of their lives.

**Rigorous Academic Curriculum:** Our instruction is based on high academic expectations, and a curriculum that connects to students' lives, cultures, communities, and life after high school.

**College-Ready Graduates:** All students receive double the amount of English Language Arts and Mathematics instructional time required in most public schools.

**College Visits:** Each Cameron student will visit colleges and universities during his/her middle school experience. Past trips have included:

- Vanderbilt University
- University of Kentucky
- Tennessee State University
- Spelman College
